The Environmental Services Department uses one of the following methods of legal action to enforce the Environmental Health Code and the Maricopa County Air Pollution Control Regulations:

•**A Permit Revocation** may be initiated against a facility/establishment that has not demonstrated compliance or has been found in violation of any applicable code or rule. Permit revocation may also be initiated against trailer parks, hotels, semi-public swimming pools, and retail food establishments.

•**A Permit Suspension** may occur immediately for serious environmental health code violations, which pose a major health hazard, or for air quality violations. The facility/establishment would not be permitted to operate.

•**Citations** are issued for violations of the health code or air pollution control regulations. The citation directs the defendant to appear for arraignment in Justice Court.

•**Cease and Desist Orders** are issued for serious violations of the environmental health code. The violation must be corrected immediately and a hearing may be requested. Disregarding the order will result in injunctive action in Maricopa County Superior Court.

•**Order of Abatement** is issued to individuals or corporations for violations of the Maricopa County air pollution control regulations.
